

Community Leadership Resources

Who we are

Community Leadership Resources (CLR) is a program of United Way of York Region (UWYR). It is a volunteer and management development service committed to enhancing the organizational and governance capacity of non-profit agencies serving York Region.

What we do

Through CLR, United Way of York Region is more than a fundraiser and fund distributor.

Our services support leadership volunteers and executive management with strategies to strengthen their organizational infrastructure, improve service delivery and enhance connections to the communities of York Region.

We offer ALL non-profit organizations - not just United Way of York Region member agencies - access to knowledge and resources to enable organizations to function at optimum effectiveness.

We help non-profit organizations maximize their volunteer and organizational leadership.

For more information contact Michele McGee, Community Resources Manager at mmcgee@uwyr.on.ca or (905) 474-9974, ext. 225.
